AGREEMENT REGARDING INVENTIONS - New Hire

I, Robert Estenel in consideration of my being employed by Matsushita Electric Corporation of America ("Company") effective July 6 1998, hereby agree to the provisions of this "Agreement Regarding Inventions" as an addition to the "Confidentiality Agreement" I have signed with the Company.

1. I agree to communicate in writing to an executive or other designated person of the Company all inventions and improvements made or thought of by me (even if made or thought of together with another person) if made or thought of while I am an employee of Company, if such inventions and improvements were: (i) worked on, in whole or in part, during business hours or (ii) relate to or are in any way connected with the business or operations of the Company. This obligation applies whether or not I have been requested by the Company to work on the development of such inventions and improvements.
2. I agree that any work of authorship ("Work") capable of copyright registration, for example a computer program, which is authored by me: (i) in whole or in part during business hours or (ii) which relates to or is in any way involved with the business or operations of the Company, shall be a work made for hire and shall be the sole property of the Company, whether or not I have been requested by the Company to author such work.
3. I hereby assign to the Company all rights I may have in such (i) inventions and improvements and (ii) Works, and agree to assist the Company in every way (but entirely at the Company's expense) to obtain and maintain for its benefit or the benefit of its designees any and all patent applications and patents and/or copyrights, as applicable, or other protections for such inventions, improvements, and Works, anywhere in the world. I will sign all papers, and do all things reasonably requested to obtain and maintain the rights of the Company or its designees in such inventions, improvements, and Works, and to preserve them as the property of the Company or its designees, whether or not they are patented or copyrighted.
4. Should I commence work on any invention or improvement, I will make, and keep, a written record of the work done with regard to such invention or improvement, in the form of notes, sketches, drawings or reports. I will date all entries in that record and have the entry witnessed by a co-worker.
5. The obligations in paragraphs 1, 2 and 4 shall continue for six (6) months after the termination of my employment with respect to inventions, improvements and Works derived from Confidential Information (as defined in the Confidentiality Agreement signed by me), and the obligations in paragraph 3 shall continue indefinitely, even after termination of my employment.
